MT Stainless Steel Mirror

A mirror-polished stainless steel face, folded and bonded to HMR backing with fully welded and mirror-polished corners.

Front elevations are schematic and NOT TO SCALE. Hole positions are illustrative; confirm the selected pattern with your order.

Construction and finish

Item	Specification
Model	MT folded mirror
Stainless steel	1.0 mm sheet
Material grade	304 standard; 316 available
Surface finish	#8 Super Mirror Finish
Construction	Folded edges; bonded to 12 mm HMR substrate
Corners	Fully welded and mirror polished

Available configurations

Fixing holes are standard; no holes available. Custom sizes and hole quantities or positions are available.

A no-hole mirror does not imply concealed brackets are included. Confirm mounting and suitable wall fixings for the installation.

Images are for visual reference only. Actual products may vary in size, finish and details. Refer to the confirmed specification and approved drawings.

Dimensions and Ordering

MT | All dimensions in mm | Height H × Width W

Size selection

Selection	Dimensions or scope
Standard	575 H × 575 W
Standard	600 H × 600 W
Standard	1000 H × 450 W
Custom	Trough length × 575 H, or another custom size
Maximum size	2400 × 1200 mm, in either orientation

Example custom size: 1800 W × 575 H. This is an example, not a fixed standard length.

Fixing holes

Fixing holes are standard; select no holes if required. Holes are 5 mm diameter, with centres 15 mm from both adjoining edges at each corner. A 1000 H × 450 W mirror normally has six holes. Four-hole 575 × 575 and eight-hole 1800 × 575 layouts are examples; confirm intermediate positions and quantities for each project.

How to specify

Marko Stainless & Aluminium MT stainless steel mirror, [height] × [width] mm, [304 or 316] stainless steel, #8 Super Mirror Finish, 1.0 mm face folded and bonded to 12 mm HMR backing, with fully welded and mirror-polished corners, [with holes to the confirmed layout or without holes]. Refer to MARKO-MT-SPEC R07.

Send these details with your enquiry
