MARKO STAINLESS & ALUMINIUM

CT2 CRAFT TROUGH

1. Product reference and dimensions

COMPLETE FOR APPROVAL | NOT FOR FABRICATION

BLANK TEMPLATE R08 | ALL DIMENSIONS IN mm

PROJECT / SITE

QUOTE / REFERENCE (OPTIONAL)

PRODUCT REFERENCE - ATTACH THE ORDER DRAWING

Representative product render only. NOT TO SCALE. Confirm the selected outlet and all order dimensions on the attached project drawing.

Overall length L (mm)

Overall width W (mm)

Height / depth H / D (mm)

Selected material / grade / thickness (mm) / finish

ORDER CONFIGURATION

CT2 has a rear hob for trough-mounted tapware and a centre outlet. Confirm all fitting models and supplied components.

State the required finished length, width and depth. Confirm the exact rim, bench support and joinery cut-out before ordering.

Exact model / variant

Options: CT2 centre outlet.

Choose from our standard range, or have a custom length made to order. We fabricate our troughs in our workshop and can discuss adjustments to suit your project. Final dimensions, feasibility and inclusions are confirmed with your quotation and project drawing.

Attach the complete order drawing set before signature. Form entries do not redraw the product.
